# About This Checklist

This checklist is intended to present the reporting requirements (as denoted by “PS” references) for annual financial statements of public sector entities prepared in accordance with Public Sector Accounting Standards (PSAS). If your entity’s unique circumstances might require additional disclosure, the CPA Canada Handbook should be consulted to ensure complete and accurate disclosure. Individual entities should also tailor their disclosures to reflect the materiality of the items concerned. This checklist should be evaluated in conjunction with *Financial Statement Presentation* (Section PS 1200/1201 under PSAS)<sup>1</sup> and is not a substitute for the exercise of professional judgment and knowledge of authoritative pronouncements.

This checklist reflects the PSAS standards that have been issued as of December 31, 2020 and those standards that are required to be applied from the perspective of an entity with a fiscal year beginning on January 1, 2020. If the entity’s reporting fiscal period commenced before January 1, 2020, please refer to MNP Public Sector Financial Statement Presentation and Disclosure Checklist – December 31, 2019 edition for appropriate disclosure requirements. Any disclosure requirements for standards effective after January 1, 2020 are differentiated by an “[EARLY ADOPTION]” note and related footnote. It is possible that standards could be amended after December 31, 2020. Any such changes and additional requirements would need to be considered when preparing financial statements in accordance with PSAS. Accordingly, this checklist should not be used as a substitute for referring to the standards themselves.
